

Starting from a girl doing a stock take, looking confused. Zooming out to the whole warehouse.

Camera zooming out to the whole warehouse. Taylen appears

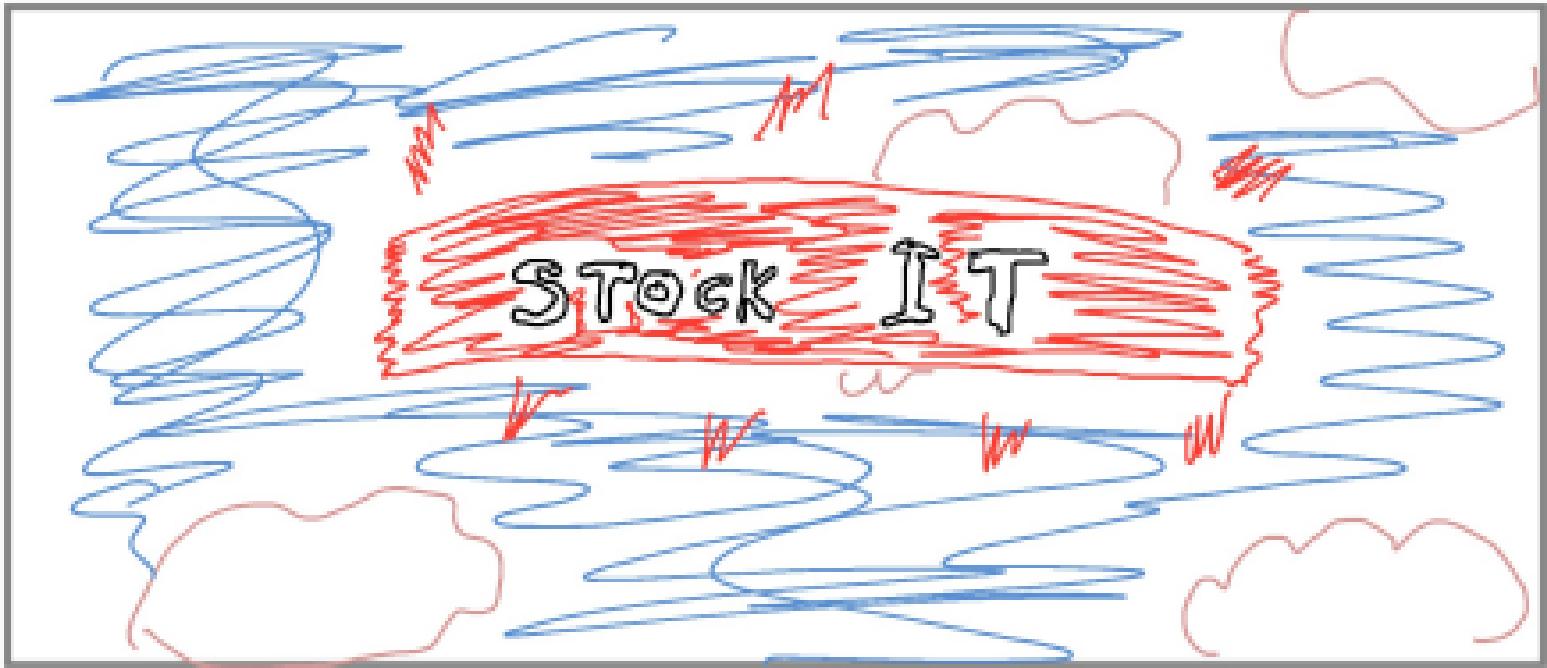

as a superhero. Taylen says Proper Inventory management is key to any business.....gives you

complete control of your inventory. Then he flies to the sky.

control
over

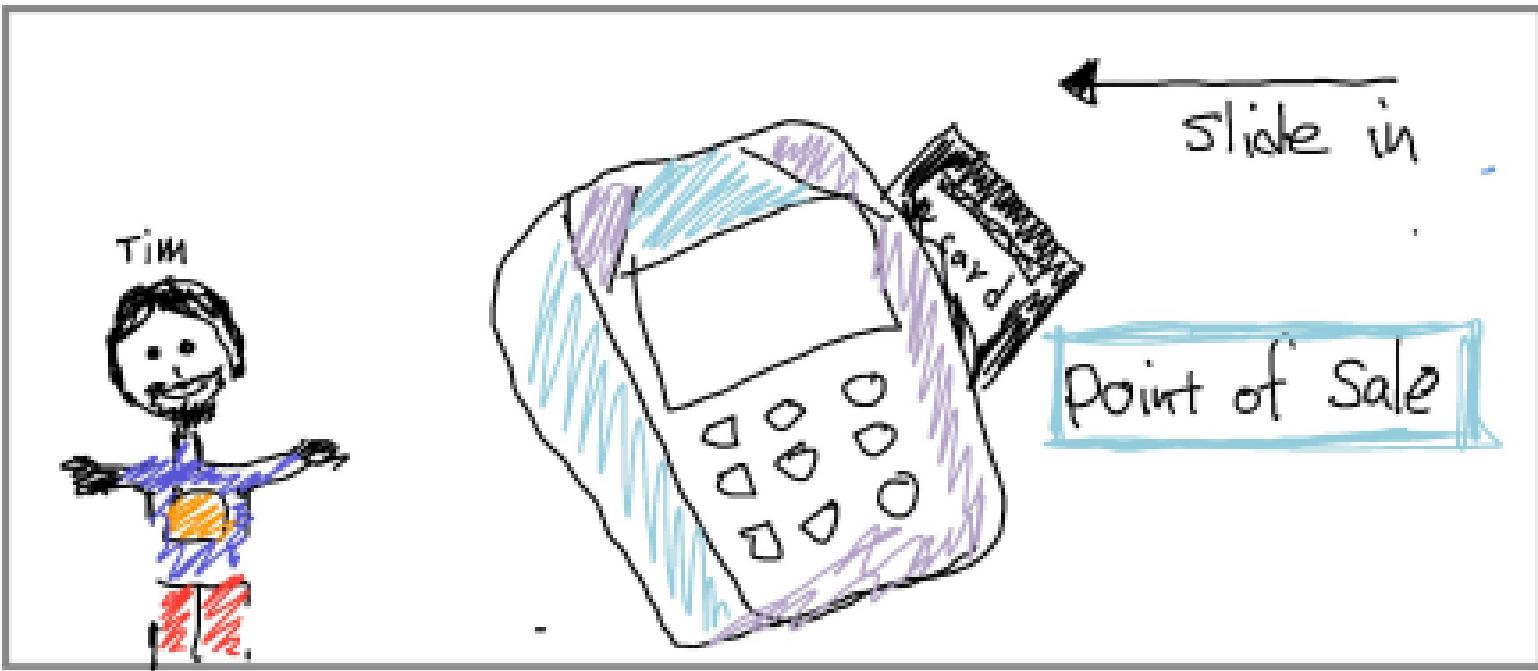

Taylen flying to the sky with a jet sound. He soars and disappears from the screen.

Taylen says This is stockIT ! Then, stockIT banner emerges (effect = sparkles)

A truck moves in and stops. Then, the camera moves in, a driver appears and a worker receives the purchased goods. Tim appears and speaks: stockIT is a platform that allows businesses to keep track of their inventory from the of purchase.....

The previous slide goes out left and the new slide comes in from the right. Then, the words Point of Sales come up. Tim says to the point of sale and everything in between.

Tim appears from the sky with a jet sound .

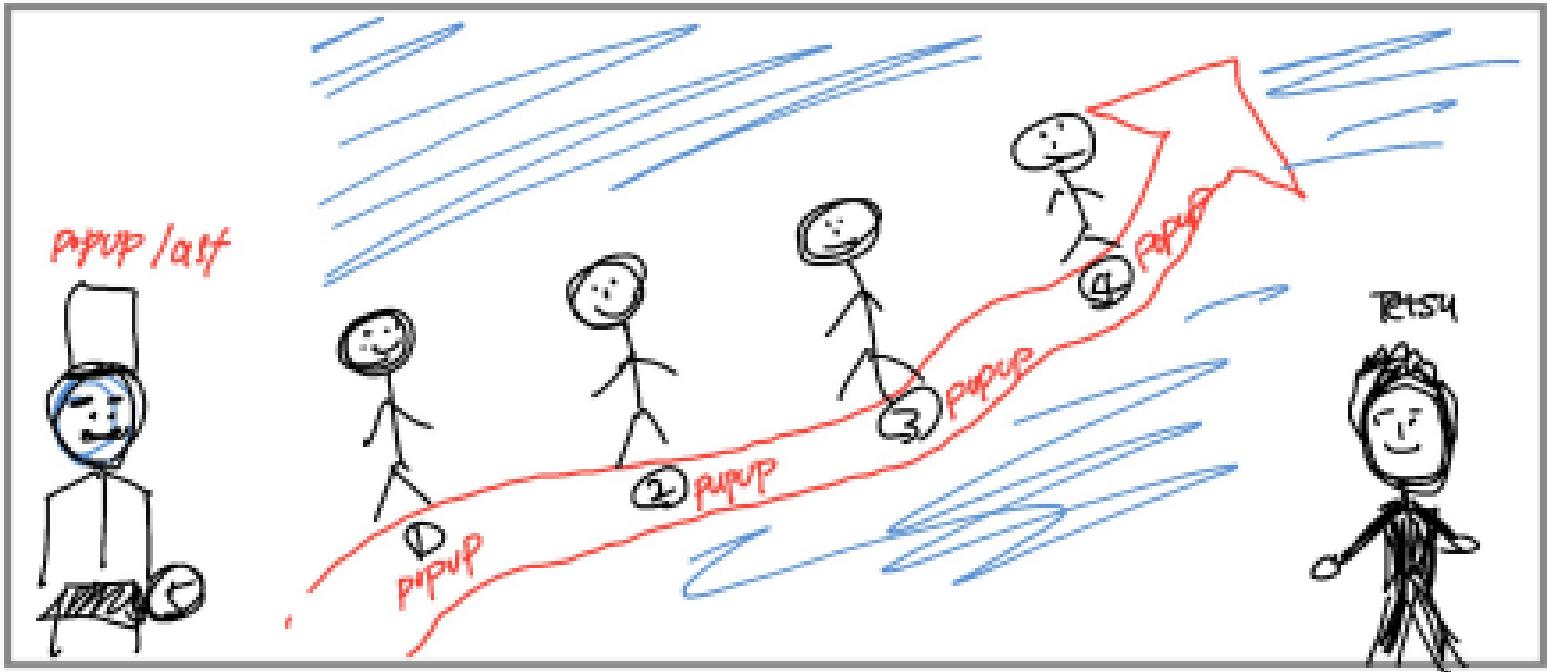

Tim landed and made a big noise.

Tim stands up and says a system designed to make the complex world of inventory management a second thought. Hospitality workers praises him.

Tim flies in. A shop clerk is serving a customer. The camera zooms into the shop clerk. A bubble text box comes up with words yes we have your size!! Tim continues and says With stockIT, you'll never run low supplies and products again, always keeping your customers happy.

People pop up in order of numbers. The last person pops up is a chef. Tetsu says stockIT is designed to scale with your business from the ground up, a must for the retail and hospitality sectors.

Zombie warehouse worker appears. Zoom into the Zombie worker. A bubble text box comes up. The words say inefficient.....

Tetsu comes up and looks angry. A sound of burning fire. The other side is the zombie worker.

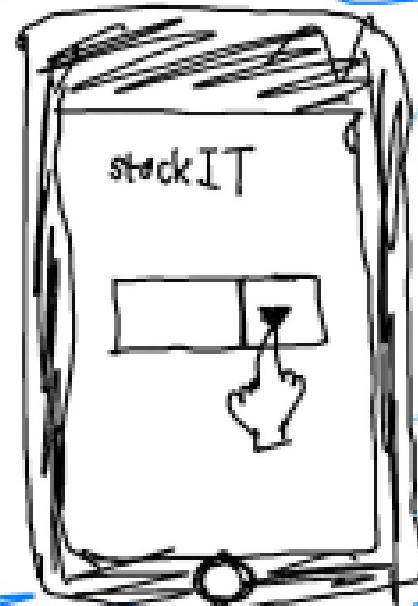

Tetsu changes with the superhero outfits.

Tetsu hovers in. From his eye, a laser gun comes out which kills the zombie worker. After
zombie is dead, Tetsu flies up to the sky.

- simple drop down menus
- click through commands

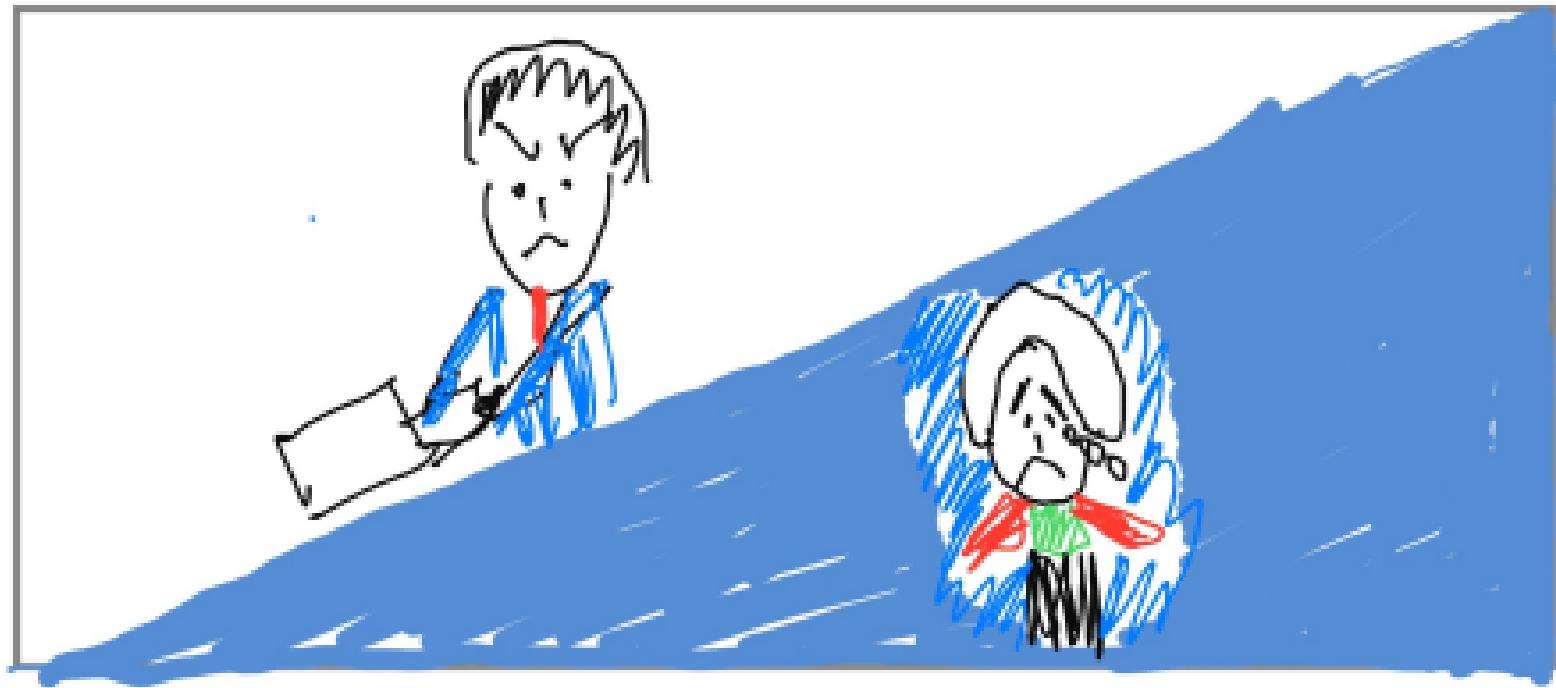

Tetsu

Tetsu hovers in. The camera zooms to the mobile phone. Human hand click the dropdown menu. The mobile phone screen changes with product screen (food materials etc). Tetsu says stockIT offers a clean and easy to uses simple dropdown menus and click through commands allowing you to spend less time with navigation and more time focusing on work that really matters.
